Amendment to Plan of Operations

Dear Mr. Carpenter,

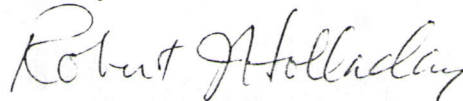

In your letter of 30 December 1998, you indicated that an acceptable solution to our differences regarding our Plan of Operations was to reduce the size of our milling operations to 50 tons per day or less. My conversations yesterday with Ms. Wyatt confirmed this.

Accordingly, we wish to modify our Plan of Operations as follows: the total tonnage to be processed per day is to be changed to fifty (50) tons. All other parameters are to remain the same.

If any additional information or action is required to prevent a finding of Noncompliance, please have Ms. Wyatt or Mr. Ford call me at the above number or at (801) 376-4877 or at (435) 753-1157.

Thank you for your time and assistance in this matter.

Sincerely,

Robert Holladay, Operations Manager
